

Dear Parents/Guardians,

Due to the emergence of COVID-19 confirmed cases with Omicron variant, if students are subject to compulsory testing, please note the following :

1. If parents are informed of students' need for compulsory testing during face-to-face lesson time, please contact the school as soon as possible, and fetch your child to leave early for the test at community testing centres. If parents are informed outside of lesson time, parents should inform the school as soon as possible and arrange students' compulsory test accordingly.
2. After compulsory testing and before receiving negative test result, students should not return to school. After submitting the proof of negative test result, students may return to school depending on the circumstances. Kindly submit the negative test result to school before returning to school. (Parents may submit it in person to the school nurse at school/submit to class teachers via Whatsapp/submit via online Google Form)

Upload of negative test result via Google Form:

<https://forms.gle/jUtE1jbND1o6tupd9>

3. If students are subject to **multiple testings**, please do not return to school on the day of testing. Students may only return to school after receiving negative test result report. (Parents may submit it in person to the school nurse at school/submit to class teachers via Whatsapp/submit via online Google Form)

For any enquiries, please contact the school nurse at 2729 3929.

Yours faithfully,

Rev. Yeong Ling Wui  
Principal
