## Collection of COVID-19 Vaccination Record

(Circular No. E140/2022-2023)

Dear Parents/Guardians,

The EDB would like to obtain information on the school's vaccination rate, in order to set appropriate measures to promote vaccination. The school will continue to collect the vaccination record of students as well as teaching and non-teaching staff for submission to the EDB.

The EDB encourages students to receive COVID-19 vaccination for the health protection of the individual, the family and Hong Kong citizens. Expert advisors claim that vaccination is the most effective way to protect against COVID-19 and can reduce the risk of severe cases and fatalities.

Kindly fill in the reply slip printed overleaf to update your child's vaccination record before 17<sup>th</sup> April. For any queries, kindly contact the school nurse at 2729 3929.

Yours faithfully

**Collection of COVID-19 Vaccination Record Reply Slip**

Circular No. E140/2022-2023 (please return to the school nurse)

To: Saviour Lutheran School

I am the parent of \_\_\_\_\_ of class \_\_\_\_\_. I have read and understood the circular "Collection of COVID-19 Vaccination Record".

**1. Up until 30<sup>th</sup> March, 2023,**

- I handed in the latest COVID-19 vaccination record of my child previously.
  
- I have attached the latest COVID-19 vaccination record of my child along with the reply slip.
  
- My child has not received and is not planning to receive COVID-19 vaccination

**2. My child has never received COVID-19 vaccination because of the following reason(s):**

- concern about the side effects of the vaccine
- disagree that vaccination can protect against the virus
- diagnosed before vaccination and deem antibodies adequate
- consider the epidemic to be easing and sense no urgency to receive additional doses of the vaccine
- concern that the child is too young and not suitable to receive COVID-19 vaccine
- no spare time to arrange children to receive COVID-19 vaccine
- unclear of the means to receive COVID-19 vaccine
- others: \_\_\_\_\_
- my child was tested positive for COVID-19 (including rapid antigen test positive cases) and is not suitable for vaccination currently. (Date of diagnosis: \_\_\_/\_\_\_/\_\_\_\_ dd/mm/yyyy)
